

## THE BATTLE IS RAGING

North of Manila the Scene  
of Conflict.

ESTIMATED OVER 200 IN-  
SURGENTS KILLED.

At 2 O'clock American Loss  
Was Twenty-One.

OVER ONE HUNDRED AND  
TWENTY FIVE WOUNDED.

Nearly Everybody in Manila Watching  
the Progress of the Battle, Which  
Can Easily Be Seen From the City,  
Which Makes a Magnificent But  
Terrible Spectacle—Insurgents Are  
Being Slowly But Surely Driven  
Back—Americans Charge Their  
Trenches in Their Usual Fearless  
Style—Filipinos Fighting Desperately, Realizing Defeat Means a  
Death Revolt.

Manila, March 25.—[Special]—The  
fierce battle that began at an early hour  
this morning, was still raging at 2  
o'clock this afternoon.

The loss to the American side up to  
that hour is twenty-one killed.

One hundred and twenty-five of the  
wounded have been brought in and  
many more are enroute.

The line of battle can be plainly seen  
from the city. Nearly everybody in the  
city is watching the progress of battle  
which makes a magnificent but a terrible  
spectacle to behold.

The insurgents are being slowly but  
surely driven back.

The Americans charged their trenches  
in their usual fearless style, which char-  
acterizes the American army.

Several lines of the insurgents have  
been made captives after fierce fighting.

The Filipinos were driven back, but  
they have rallied and attacked the left  
wing of Wheaton's brigade with a great  
fury.

The Filipinos are making a deter-  
mined effort and are fighting most des-  
perately, realizing most fully that defeat  
to them means a death revolt.

The rebels are in great force, fresh  
men are constantly being hurried to the  
front to fill up the depleted ranks.

The American force, including its re-  
serves, numbers ten thousand.

Fresh troops have just landed from  
the Sherman and Gen. Wheaton's flying  
brigade which gave MacArthur good as-  
sistance.

MacArthur's conduct superb. He ad-  
vances with a firing line, totally uncon-  
scious of any danger and his example has  
inspired the Americans, and they fought  
with added vigor and firmness.

The desperate fighting is instanced, by  
the fact that one man was killed and  
six wounded in a squad of eight Mon-  
tana volunteers, alone.

### AFTERNOON FIGHT WAS TERRIFIC

Reports Indicate That Hundreds of Fili-  
pinos Have Fallen.

Manila, March 25.—[Special]—Mac-  
Arthur's troops have been rested for the  
night without taking Polo.

MacArthur expressed great satisfac-  
tion with the progress made today.

The fighting during the afternoon  
was terrific.

The insurgents strongly opposed  
Gens. Otis and Hale's passage of the  
Tulahan river. It was finally accom-  
plished, but not without a severe loss to  
our troops.

The Oregon volunteers and the Third  
artillery, equipped as an infantry, suf-  
fered the heaviest losses.

Our wounded now number two hun-  
dred.

Reports from the front indicate that  
hundreds of the Filipinos have fallen.

The Americans have captured half a  
dozen towns.

### BEGAN MOVE AT DAY BREAK

Nothing Could Stop Americans—Swept  
Everything Before Them.

MacArthur began a move on the  
enemy promptly at day break, and  
everything had been made ready to  
strike the Filipinos a crushing blow.

The advance on the rebels was made  
with Otis' brigade in the center, Wheaton  
on the left and Hale on the right.

Dilmont was the first town captured  
which was taken by Hale's men. Half  
dozen other towns fell in quick suc-  
cession until the brigades of Hale and  
Otis reached Bagbag. Here a turn to the  
left was made. The intention being to  
flank the enemy, who were strongly  
intrenched at Polo.

Hale's men soon engaging the rebels  
on the extreme right.

Gen. Wheaton's brigade advanced di-  
rectly upon Polo from Calocoon. His  
troops met with a desperate resistance,  
but carried three lines of trenches,  
which extended to the river, after bril-  
liant fighting.

Nothing, however, could stop the

Americans and they swept everything  
before them.

Officials Credit the Report.

Washington, March 25.—Reports  
have reached here of fierce fights at  
Manila. Up to a late hour nothing had  
come from Gen. Otis or Admiral  
Dewey, but the rumors were persistent  
and the war department officials were  
disposed to credit them.

It has been known for some days  
that Gen. Otis was preparing for a  
final attack on the rebel positions  
north of the city.

Gen. Wheaton's flying column, it  
was stated, had been withdrawn from  
Pasig and Laguna de Bay and placed  
as a reserve force for Gen. MacArthur's  
division, which had been holding the  
north of the line.

In the movement it was expected  
that Gen. R. G. Otis' brigade of vol-  
unteers would lead.

The intrenchments in front of Mc-  
Arthur's division are said to be for-  
midable, but no anxiety exists as to  
the result, though great loss of life is  
feared.

Will Have Filipinos Surrounded.

Washington, March 25.—It is be-  
lieved at the war department that after  
Otis has delivered his next blow the  
insurgent army, as an organization,  
will have ceased to exist.

Otis has procured thirteen of the  
gunboats formerly owned by the Span-  
ish government. Many of the troops  
which were engaged on the outer lines  
up to the date of Gen. Lawton's arriv-  
al at Manila have been withdrawn to  
the water front, and a complete reor-  
ganization of the army is now in pro-  
gress. The reinforcements now arriv-  
ing at Manila are being used to main-  
tain the strength of the lines running  
from Manila to Pasig, established by  
Wheaton's flying brigade.

The next movement that is expected  
here is to be by water. It is believed  
Otis will place a complete brigade on  
board vessels, steam rapidly north-  
ward and land them beyond the insur-  
gent headquarters at Malolos. The in-  
surgent army will then find itself com-  
pletely penned in, with no opportunity  
for retreat.

It is hard to conceive how, if this  
plan carries, the insurgents can long-  
er avoid a decisive conflict, which  
must either end in their breaking  
through the American lines or in their  
surrender. It is evident that Otis ex-  
pects the latter, for he has already ad-  
vised the war department that the in-  
surrection cannot last much longer.

President Hears the News.

Thomasville, Ga., March 25.—The  
first information of the American vic-  
tory over the Filipinos was given to  
the president soon after 9 o'clock last  
night. The president inquired anx-  
iously concerning the number of Amer-  
icans killed and wounded, and ex-  
pressed his delight with the result of  
the battle.

He believes one or two more decisive  
victories like the one just achieved  
will do much toward bringing the war-  
ring Filipinos into subjection.

For some time President McKinley  
has been led to believe from official  
reports cabled by the American au-  
thorities in the Philippines that the  
backbone of the insurrection is broken,  
but the continued fighting has done  
much to shake this belief.

To Treat with Agoncillo.

Madrid, March 25.—Information  
comes from a private source that Ago-  
ncillo, the Filipino representative, is  
about to send an agent to this city to  
liberation of the Spaniards who are  
negotiate with the government for the  
held prisoners by the natives in the  
Philippines.

Four More Bodies Found.

New York, March 25.—Four more  
bodies were recovered from the burned  
Windsor hotel Friday. The record as  
it now stands is twenty-three dead,  
forty or more missing, and a large  
collection of small bones. The injured  
in hospitals and other places are re-  
covering. Among the articles found  
were a woman's gold watch marked  
"J. W." a metal top of a purse marked  
"N. P. J." and some wearing apparel  
marked "H. H. S."

John Mackenzie Is Dead.

London, March 25.—A dispatch from  
Kimberley, in Griqualand, west South  
Africa, reports the death of the fam-  
ous missionary, the Rev. John Mac-  
kenzie. Mr. Mackenzie worked in the  
same sphere as did Dr. David Living-  
stone and Dr. Moffat, the former of  
whom died in 1873 and the latter ten  
years later.

Garment Workers to Strike.

Philadelphia, Pa., March 25.—Six  
thousand garment-workers in this city  
are preparing to go on strike. They  
demand higher wages, a fair price for  
government work and the abolition of  
sub-contractors. Nearly 2,000 of these  
strikers are wo-

HEAVIEST OF SNOW STORMS

Visited This Section of the Country Last  
Evening.

The heaviest fall of snow in this vicin-  
ity this winter was that of last evening.  
It is estimated that six inches fell dur-  
ing the night. At the railroad stations  
early this morning all the trains were  
reported on time, although in some  
parts of the state where the heavy fall  
was felt the traffic was delayed. Local  
liverymen were pleased, for it caused the  
first demand of the season for sleighs.  
The snow was wet and heavy, and hin-  
dered street car traffic this morning.

## ANOTHER HEARING WILL BE GIVEN

MODEL CHARTER BILL COMES  
UP NEXT TUESDAY.

Will Be Heard Before the Assembly  
Committee on Cities—Measure Not  
Likely of Passage, But Is Attract-  
ing a Great Deal of Interest—For  
New Charter Law.

Madison, March 25.—[Special]—  
Another hearing is to be given the  
model charter bill next week Tuesday  
by the assembly committee on cities.  
This is a measure which while not very  
likely of passage is attracting a great  
deal of interest as it provides for the  
giving of a new charter law to all the  
cities of Wisconsin and thus placing  
them under uniform charter. Of  
course the charter would be different  
for the different classes of cities accord-  
ing to their needs but for all the cities  
in the same class the charters would be  
the same. Good lawyers say too that  
some move in this direction is absolutely  
necessary as they declare that the chart-  
er law of Wisconsin is so much tangled  
now that no one can make out with-  
out a great deal of trouble just  
what the charter of any city does  
provide as the laws have been so  
changed and amended by first one legis-  
lature and then another. One of the  
most feasible ways which has been pro-  
posed out of these municipal difficulties  
is the passage of a law creating a char-  
ter commission to arrange a charter bill  
to be presented to the next legislature  
which shall provide a uniform charter

JOHN SLIGHTAM INJURED

Two of His Digits Received Bad Usage  
This Morning.

While at work on a job press at the  
Recorder office this morning, John  
Slightam accidentally caught two of his  
fingers in the press and before he could  
free himself, both digits were badly  
crushed. The services of a physician  
was necessary and the injury will bother  
him for some time to come.

Mr. Slightam has been engaged in  
newspaper work for several years and  
his present misfortune will be regretted  
by many.

TWO SOCIAL FUNCTIONS

They Were Held In This City Last Even-  
ing.

At the spacious South Jackson street  
home of Mr. and Mrs. F. S. Eldred, a  
most delightful social function was  
given in honor of Miss Carolyn Grover,  
of Baraboo.

Tempting refreshments were in  
order and the evening proved one of  
rare pleasure.

The last meeting of Hizzoner Whist  
club for this season was held last eve-  
ning at the home of Mr. and Mrs. J. S.  
Bowdoin, South Bluff street.

To Advance Wages.

Cincinnati, March 25.—The local  
Iron Foundrymen's association, after a  
long consideration of the demand of  
the members of the Iron Moulders' In-  
ternational union for an increase of  
wages, has decided to grant a 10 per  
cent increase to take effect May 1. The  
two parties in interest have also agreed  
upon a plan for the yearly adjustment  
of wages through annual conferences,  
to be held whenever either party gives  
thirty days' notice of a desire to have  
the rate changed at the end of the  
year. This agreement extends to all  
the foundries in Cincinnati, Covington  
and Newport, and affects about 20,000  
employees.

Special Stamps for Cuba.

Washington, March 25.—Chief Geo.  
W. Beavers of the salary and allow-  
ance division, postoffice department,  
who accompanied Postmaster General  
Charles Emory Smith to Cuba, return-  
ed here today. He reports that the  
postal service in Cuba is closely fol-  
lowing the lines of the service in the  
United States, except in the registra-  
tion of mail matter. Special stamps  
for the Cuban service are being fur-  
nished, together with stamped en-  
velopes with designs symbolic of Cuba.

Claim War Tax Was Evaded.

Anderson, Ind., March 25.—Placing a  
false valuation on property transferred  
may cause trouble to the Tinsplate  
company at Elwood. The \$2,000,000  
plants were transferred to the Tinsplate  
trust for the nominal consideration of  
\$1 and the valuation was placed at  
\$250,000. This required \$650 in re-  
venue stamps. The transaction has  
been reported to the revenue depart-  
ment as an attempt to evade payment  
of revenue.

Binding Twine on Free List.

Washington, March 25.—The secre-  
tary of the treasury has issued an or-  
der for the free admission of binding  
twine to the United States from Can-  
ada. This is because of the fact that  
the new Canadian tariff puts binding  
twine on the free list when imported  
into that country, and our tariff law  
only imposes a duty on the twine when  
imported from countries which make  
the article dutiable.

Bid Made by Americans.

Montevideo, March 25.—The Amer-  
ican minister has made President Cues-  
tas the offer of an American syndi-  
cate to construct the Montevideo har-  
bor.

## CAMBRIDGE WON GREAT BOAT RACE

DEFEATING OXFORD BY FOUR  
LENGTHS.

Many Were Betting Three to One on  
Cambridge—The Winner Won the  
Toss and Chose Smooth Side of the  
River—Both Crews in Prime  
Condition.

London, March 25.—[Special]—Cam-  
bridge won the great annual boat race  
rowed on the River Thames this morn-  
ing, defeating Oxford by four lengths.  
The race was witnessed by immense  
thronges of people.

Cambridge enthusiasts now betting  
three to one.

Cambridge won the toss and chose the  
smooth side of the river.

Both crews were in excellent spirit and  
entered into the race with a spirit.

Cambridge immediately took the lead  
and held it to the end.

The Oxford crew went to pieces com-  
pletely at the finish.

Two of her crew fainted and had to  
be carried from the boat and it was some  
time before they were revived.

POPE'S MIND FAILING

A Dispatch From Rome Says He Oc-  
casionally Lapses Into Child-  
ish Talk.

London, March 25.—[Special]—A  
dispatch from Rome says the pope's  
mind is gradually failing and occasion-  
ally lapses into childish talk.

FIFTH ANNUAL BANQUET

Given Last Evening By the Baptist Y.  
P. S. C. E.

A pretty banquet was given last eve-  
ning by the Baptist Young People's So-  
ciety of Christian Endeavor in the Bat-  
tist church parlors, it being their fifth  
annual. The guests were the members  
of the society, the officials of the church  
and their wives, the presidents of the  
other young people's societies and a few  
others.

Every detail of the banquet was fault-  
lessly carried out. The decorations  
were beautiful to behold and brought  
forth much praise. After the guests  
were seated at the banquet table, Rev.  
A. C. Kempton invoked the divine bless-  
ing, after which the handsome decora-  
tions were the sole topic of conversation.

The menu was a most elaborate one and  
there was a great abundance of dainty  
eatables. Mrs. Louis Bowerman was  
the successful caterer and under her di-  
rection several young Endeavorers cared  
for the guests in a most efficient manner.

Miss Imogene McDonald assumed the  
duties of toastmistress with charm-  
ing grace. Her introductions of the  
speakers were all in rhyme, and were  
very happy in their conception.

The following toasts were delivered:  
"Looking Backward," Miss Eliza Stod-  
dard; "Endeavorer's Rainbow," Miss Louise  
Hanson; "The Juniors," Miss Pauline  
Bates; "Impressions of the Society,"  
Mrs. O. H. Brand; "Church Echoes,"  
Miss Lueretia Wasgatt; "Our Failures,"  
Rev. Kempton; "Our Men," Mrs. A. C.  
Campbell; "Hopeful Circle," John T.  
Fitchett.

The program closed with singing  
"God Be With You Till We Meet  
Again."

FEW BOXERS RESIDE HERE

John Manning Abandons His School for  
Luck of Pupils.

This city is possessed of but few ath-  
letic inclined young men. At least John  
W. Manning, the well known boxing in-  
structor, thinks that that is the way the  
matter now looks to him.

Several weeks ago Mr. Manning re-  
nted and furnished suitable quarters on  
the west side, and at first started out  
with several pupils, with promise of  
many more. But as time went many  
who had promised to enter the boxing  
ranks failed to keep their word, and the  
result is that Mr. Manning has been  
obliged to abandon his original plans,  
and Janesville is now without a boxing  
school.

WHITAKER RETURNS HOME

Says That All Looks Favorable Toward  
the Barbers' Bill.

M. H. Whitaker, of the local Barbers'  
Union, who has been in Madison of late  
in the interest of the barbers' bill, has  
returned home much pleased over the  
outlook for the passage of the bill.

Mr. Whitaker says that the present out-  
look is most favorable and that a mem-  
ber of the committee on public health  
assured him that there needed to be no  
fear that the matter would favorably  
considered when the time comes.

Mr. Whitaker takes no stock in the  
report from certain lawyers to the effect  
that the bill is unconstitutional.

CHAS. MARSH SECURES BAIL

Town of Rock Farmers Go Good the  
Seven Hundred.

Charles Marsh, of the town of Rock,  
who was before the court yesterday on  
the charge of criminal assault and who  
was held in default of seven hundred  
dollars bail, was obliged to remain be-  
hind jail bars but a short time. Yester-  
day afternoon E. H. Griffin and John  
Yardy, of the town of Rock, walked into  
the municipal court and want good the  
prisoner's bail, the case being adjourned  
till April 17.

department a special study during his  
college course, and is fully qualified for  
this work. Our school is to be con-  
gratulated on this addition to its corps  
of efficient teachers as well as the fact  
that increased attendance and work re-  
sulting from its high standard made the  
move necessary."

OTIS SKINNER IN "ROSEMARY"

The Event of the Season at Myers'  
Grand This Evening.

"Rosemary," the play that had such a  
vogue in New York at the Empire The-  
atre, will be given at Myers' Grand this  
evening by Otis Skinner and his com-  
pany. It is by Murray Carson and  
Louis N. Parker of London, and was  
originally produced at the Criterion  
Theatre of that city by a cast including  
Charles Wyndham and Mary Moore.

Of the plays written by Carson and  
Parker, "Rosemary" has had the most  
lasting success, and has made the  
deepest impression; and when Otis  
Skinner made an arrangement with  
Charles Frohman to bring the original  
Empire Theatre production of the play  
to the southern cities, he showed him-  
self to be wise in his generation. He  
has a play that is immensely popular,  
a part that fits his well known romantic  
and sympathetic style, and a supporting  
company of greater strength than has  
ever been associated with his, contain-  
ing as it does the names of a number of  
well known New York actors. We can  
confidently predict that night will  
bring one of the most delightful, social  
and artistic events of the local dramatic  
season.

Dr. J. P. THORNE is preparing to

and Milwaukee streets. He will take pos-  
session of his new offices April 15.

A Curious Postal System.

In certain parts of Sweden, where  
the most absolute confidence is reposed  
in the honesty of the people, a very in-  
formal postal system is in vogue. As  
the mail steamer reaches the landing  
place a man goes ashore with the let-  
ters, which he places in an unlocked  
box on the pier. Then the passer-by  
who expects a letter opens the box,  
turns over the letters and selects his  
own, unquestioned by any one.

## COL. ROOSEVELT GAVE TESTIMONY

BEFORE BEEF BOARD OF IN-  
QUIRY TODAY.

He Said His Men Positively Refused  
to Eat Canned Roast Beef—It Was  
Stringy, Looked Unwholesome,  
and Covered with Slime—Unfit as  
Army Rations.

New York, March 25.—[Special]—  
Gov. Roosevelt appeared before the beef  
board of inquiry today and gave some  
damaging testimony.

He said the men under his command  
positively refused to eat the canned  
roast beef that they were supplied with.  
He further stated that it was stringy,  
looked unwholesome and was covered  
with slime. He regarded the canned  
roast beef as being utterly unfit and un-  
wholesome as army rations.

## THIS DAY IN HISTORY.

1771-Joachim Murat, Bonaparte's friend, died. He was a French general, born near Cahors, France; shot in Calabria Oct. 13, 1815. He was the son of an innkeeper and began at the bottom round of the ladder. Napoleon called him the "best cavalryman in Europe," and gave him his sister Caroline in marriage. He deserted the emperor's cause after the battle of Leipzig and retired to his place on the shores of Naples. Finding to gain recognition from the powers, he again pronounced for Napoleon. In attempting to regain his kingdom with a handful of men, he was captured and executed.

1877-Caroline Jones Chisholm, the English philanthropist and "emigrant's friend," died. Born 1810.

1892-Walt Whitman, poet, died at Camden, N. J.; born 1819.

1894-George Ticknor Curtis, an authority and writer on constitutional law, died in New York city; born 1812.

1896-General Thomas L. Chesey, U. S. A., retired, died in Washington; born 1831.

## RECORDER AGAINST IT.

The Recorder shows conclusively that it fears Victor P. Richardson's strength, by attacking him even before the democratic nominee is named. The reason of this attack is plain—The Recorder knows that the election of Mr. Richardson means reform, and the betterment of the city government. It knows that Mr. Richardson is a man of action, and will not be controlled by the democratic triangle that has been running affairs with a high hand. It knows that Mr. Richardson will not spend his whole time talking, but will act. Therefore The Recorder dislikes Mr. Richardson. The Recorder wants the city to go along in the old rut. It wants money spent without result. It favors the present shiftless system of doing things, for the reason that the triangle can manipulate affairs. The aim of the article is plain. Otherwise, it would not attack Mr. Richardson before the democratic ticket was put in the field. Well may the Recorder be scared. The people are for Victor P. Richardson, and business methods in the management of city affairs. The Recorder is therefore exceedingly anxious to defeat him. It doesn't want business methods adopted. Why? The question doesn't need a reply, because it answers itself.

## ENTERPRISING BROTHERS.

Dennis and Michael Hayes, the new owners of the Lappin block, are rendering Janesville a substantial service in remodeling that building. No city in the northwest can boast of a finer office building than is contemplated in the plans adopted, and no expense will be spared. The Messrs. Hayes are the kind of citizens who build up a city. They have confidence in their home town, and their enterprise will not only bring them substantial financial returns, but will command the hearty good will of all who wish to see Janesville advance. Nothing helps a city more than fine business blocks, and the man who builds them renders all his fellow citizens a service.

An exchange truthfully remarks that trusts and combinations cannot be legislated out of existence. This is an era of combinations. The laborers combine in unions, the retail dealers in retail dealers' association, the manufacturers form trusts, the capitalists form stock companies, the farmers will soon follow in agricultural societies and farmers' elevator companies, and the end is not yet. When all combine when are we going to proceed and where are we going to draw the line?

There is no end to American ingenuity. The papers are now telling about the girl who ties a piece of sandpaper about her ankles, which produces the same effect as by buying an expensive silk skirt. The sandpaper rubs together and sounds just like a \$50 silk skirt; it has the swish and rustle, and what more do you want?

The Milwaukee Journal thinks that during the next war "There is fame and fortune awaiting the man who can invent some means of scattering canned

roast beef among the enemy." Doesn't the Journal think the Spaniards, to use a slang phrase, were sufficiently "tin canned" as it was?

The potato crop of the United States last year amounted to 164,015,964 bushels, valued at \$89,648,000. This is an average yield of 64.7 bushels to the acre, and estimating the population of the country at 70,000,000, it gives us 2.27 bushels each.

## ATTORNEY SEES M'COURT

Waterloo Lawyer Came Here May Defend Prisoner

L. P. Davies, an attorney from Waterloo, Wis., was in the city yesterday for the purpose of seeing George M'Court, who was brought here from Jefferson county and placed in jail for fear of lynching.

For fully an hour Attorney Davies and M'Court held an interview at the jail and when the prisoner is taken to Fort Atkinson for a hearing, it is understood that the Waterloo lawyer will defend him.

M'Court since being confined here has proved himself a model prisoner and has caused the jail officials no trouble. He is given the freedom of the south corridor with six other prisoners.

On Saturday, March 11, M'Court assaulted Louis Roehl and John Roehl, two boys, at London, Wis., with an ax. John Roehl died and Louis is not expected to live.

## INCLUDES LOCAL EMPLOYEES

New Rule To Be Observed On The Milwaukee Railroad.

If a plan that the officers of the Chicago, Milwaukee & St. Paul road are now considering is adopted, every employee of the company will become, in a small way, a physician and a nurse, and there will be fewer cases for the surgeons knife. It is the intention of the managers of this road to start a systematic course of instruction in the first principles of surgery and nursing among the men engaged in the train service, a course that, when thoroughly mastered, will enable an employee to render valuable first aid to the injured. A slight knowledge of the principles of the first aid, it is figured, would often mean the saving of a life.

## WILD GEESSE ARE MOVING

Several Have Been Shot Off Late Near This City.

Approaching spring weather has resulted in livening up several flocks of wild geese that have been spending the winter near this city on prairie lands in the town of La Prairie.

Several farmers have shot these birds of late and judging from their weight they have not suffered for the lack of plenty of food.

A fine flock of wild geese were circling over the city early last evening, evidently in doubt which way to go to meet balmy spring when it comes.

## EAST SIDE WANTS PASSENGER DEPOT

MANY LOCAL SIGNATURES ARE SECURED

Petition Will Soon Be Sent to Second Vice President Earling—St. Paul Company Lack Sufficient Room on the West Side—Will Probably Erect Station This Summer.

Many have signed a petition to have the Chicago, Milwaukee & St. Paul's new passenger depot located on the east side of the river.

The location proposed is near the North Bluff street trestle. The depot would be a two story structure, the same as the Northwestern depot in Rockford.

J. L. Bostwick has been circulating the petition and finds a strong feeling in favor of the new location, among west side as well as east side business men.

Wherever the new depot is placed, it is understood it will not be on the present location as there is not room enough for an adequate building.

Following is the petition and signers: Mr. A. J. Earling, Second Vice President and General Manager, Chicago, Milwaukee & St. Paul Railway.

Dear Sir—Understanding that the C. M. & St. P. system contemplate the erection of a new passenger depot in this city, the undersigned present this petition requesting that the accommodation be given the east side of the river.

The C. M. & St. P. company has ample room and also a large proportion of Janesville population and area to draw from. The east side has the majority of citizens and also covers more ground.

The congested condition of the two stations at present has many objectionable features which we will not name. We feel that the passenger traffic over your road would be greatly improved and feel quite sure that the St. Paul depot on the east side and the land facilities for building factories, etc., which do not exist on the west side, the venture could not fail to be of great advantage to both the C. M. and St. P. railway and the whole city.

Your petitioners therefore bring this to your notice, hoping for a favorable consideration and knowing also the residents of this side of Rock river would avail themselves of every opportunity to make it a profitable venture.

CHAMPION POOL PLAYER HERE

Fred B. Hall Now in Janesville Claims That Honor

Fred B. Hall, who alleges that he is the champion exhibition pool player of the world, is now in Janesville for the purpose of showing local pool lovers a few points about the game.

Mr. Hall arrived from Milwaukee and was very much surprised to find that the Bower City had no private clubs where pool and billiard tables were in order.

According to the Milwaukee papers Mr. Hall has been doing some wonderful work while in the Cream City, which well entitles him to a place in the front ranks of pool professionals.

Mr. Hall informed a Gazette reporter late last evening that he was unable to arrange an exhibition and will be obliged to ply his vocation in other fields.

## FAVOR INSPECTING ALL DAIRY CATTLE

DISCOVERY OF TUBERCULOSIS CAUSES WORRY.

Movement Is Now on Foot Here Which May Require All Dealers in Milk To Show Cattle Health Certificate—Would Prevent Much Sickness That Now Exists.

Every dealer who sells milk in Janesville may soon be compelled to first show a certificate of health, giving an unquestionable guarantee of the purity of the milk and its freedom from disease taint.

A movement which is now on foot here to bring this new rule into effect is the result of recent discoveries of tuberculosis in cattle near this city. Those who have the work in hand, say that the public health can be better looked after if the city council would pass an ordinance providing for the inspection of all cattle which are supplying the city, such inspection to be made often, for the purpose of determining whether or not these cattle are ill with tuberculosis or other diseases.

If every dealer who is directly traceable to the milk supply could be set apart and understood, as such it would be surprising. It has been known for a long time that lung disease were communicated through this medium, ending fatally in such numbers as would surprise people. That is not the only disease communicated in this way. When we talk of milk inspection the idea usually conveyed is only that of having tests made to see that the milk is not watered and that it contains a proper degree of richness for nourishing purposes. In a city like Janesville inspection might go much further than that. The milk which enters into the daily food supply here all comes from within a short distance.

A farm that does not meet the most rigid requirement in the condition of the premises, the atmosphere of the stables, the disposition of the wastes and the cleanliness with which milking is conducted should be called to account.

The present idea is to have a public milk inspection here extending to every farm supplying milk for sale in this city. Further than that, the proportion of the milk interests here are sufficient to warrant tests of every cow by the public inspection to ascertain every animal suffering from tuberculosis and require it to be killed. A trifling difference in cost would meet the expense. Even if the cost were considerable, who will measure dollars against a human life.

That Beifeld garments are leaders in style, quality and workmanship was plainly demonstrated by the great number of ladies who attended our special sale yesterday. ## NEW UNDERTAKING PARLORS

D. Ryan's Quarters on Main Street Are Exceptionally Well Arranged.

As fast as possible D. Ryan in completing what may be said to be beyond question the most completely equipped undertaking parlors in the state. Not even in Milwaukee can there be found an establishment where as much space is allotted to funeral requirements or where the special needs of such occasions are so fully met.

Mr. Ryan's facilities are unusual not alone as regards extent but as to completeness. Having all the necessary carriages and equipage he is not compelled to rely upon others for any detail, but is able to assume a personal responsibility for everything. This method is particularly satisfactory as removing all danger of oversight or confusion is a time that is all too trying in any event.

It has been possible heretofore in cities such as Chicago and New York only, and the appreciation that has met Mr. Ryan's efforts to apply the same idea in Janesville shows plainer than words how keenly the need has been felt.

The Ryan undertaking parlors now occupy the entire store at No. 15 South Main street. Placed on a ground floor in a central location they have all the space that is needed. Twenty two feet back from the entrance runs a partition done in natural wood and cut glass. This separates the office from the display room. The office is furnished in hard wood with floor of birch in alternate strips of dark and light. Heavy curtains screen the display room, 48 feet in length which is furnished in cherry. A heavy table occupies the center of this room and along the sides are twenty-one balanced cases in which are the caskets. In very small space, close at hand and easy of access, these cases make it possible to show a very complete variety. Near the front of the room are cupboards and cases for funeral necessities.

Two rooms in the back of the building are used for storage and similar purposes, giving all the space needed.

Mr. Ryan's former undertaking rooms were located in the old McKee block which was lately purchased by the Parker-Pen Co. and is being remodeled for their own use.

The fact that Mr. Ryan gives personal attention to all matters entrusted to him has been a strong factor in the growth of his undertaking work. Judgment and tact are never so much appreciated as in the house of mourning, however important a consideration there may be at any time.

SMALL BOY BEFORE THE COURT

Nine Year Old George King Without Father or Mother.

Richard Barry, who resides on Gold street, walked into the municipal court yesterday, having by his side a bright appearing boy of nine years, whose name is George King.

Mr. Barry was there for the purpose of seeing if the court could not send the boy to some of the state institutions where he could be cared for. Master King stated to the court that his father and mother were both dead and that he had of late made his home with Mr. and Mrs. Barry. A short time ago, Mrs. Barry died and now Mr. Barry thinks that he is not able to care for the boy. The court has taken further time to consider the matter.

## DAMAGE TO WHEAT.

Area from Which Complaints to Madison Has Widened.

Chicago, March 25.—Weather conditions during the past week have not been such as to materially change the winter wheat situation, although alternate freezing and thawing has probably tended to reduce the vitality of the plant in districts where it was already weak. At the same time the close of the week finds a deeper conviction upon the question of the damaged condition of the crop. In southern Kansas, Oklahoma, Tennessee and Kentucky the area from which complaint is received has materially widened and the character of complaint is more pronounced.

Over that part of the wheat belt lying north of the latitude of Cincinnati there is still no opportunity for definite judgment of actual present conditions, the ground surface continuing frozen. There is practically no spring growth north of the Ohio river, though fields in Ohio and portions of Indiana are beginning to show up green. Until we shall have had at least a week of good and continuous growing weather it will not be possible to determine with any degree of satisfaction the extent to which the crop is injured.

## M'COY THE VICTOR.

Wins on Points from Choyinski in the Twentieth Round.

San Francisco, Cal., March 25.—"Kid" McCoy was given the decision over Joe Choyinski Friday night in the twentieth round. There was no dissatisfaction over the decision, but many expressions were heard on all sides as to the battle both men put up. The fight ended in a tame manner—in fact, the last half-dozen rounds were slow and without any damage to either man. McCoy showed himself far the more clever of the two men, and there are many opinions as to what he might have done had he desired to cut loose, and force matters. It may have been respect for Choyinski's dangerous blows, which he is able to deliver at any stage of a fight, or it may have been his desire not to lessen Choyinski's reputation by a more decisive defeat than a decision on points.

## Monument to President Lincoln.

Chicago, March 25.—Whatever may be the result of the present agitation over the Lincoln memorial, Chicago will have a magnificent statue of the martyred president, which is, under contract to Augustus St. Gaudens, the noted American sculptor. By the terms of the will of the late John Crerar, the sum of \$100,000 was set aside for the Lincoln monument. Huntington W. Jackson and Norman Williams, as trustees of the fund, two years ago commissioned St. Gaudens to carry out the terms of the bequest. Chicago has been decided upon as the proper location for the memorial, and a site on the south side probably will be finally selected.

## Fears More Trouble at Pana.

Springfield, Ill., March 25.—Capt. E. H. D. Couch of company L, Fifth infantry, Peoria, who has been in command of the state troops on riot duty at Pana, does not think the prospects for peace are bright since the troops have been withdrawn, on account of the hostile attitude of the city authorities toward the negro miners and the feeling existing between the strikers and the negroes. Unless good judgment is used by the sheriff and his deputies, says the captain, the old trouble is liable to break loose at any time.

## General Y. M. C. A. Convention.

Grand Rapids, Mich., March 25.—The international convention of the Young Men's Christian association will be held here May 25 to 28, inclusive. It is expected that at least a thousand delegates, including quite a number from abroad, will be present. Gov. Mount of Indiana will speak about "The Promotion of Civic Righteousness Among Men," and S. H. Blake of Toronto, Prof. White and others will answer the question, "Why are not more young men becoming Christians?"

## LATE NEWS BY TELEGRAPH.

## GERMANY FEELS AGGRIEVED.

Press Takes an Aggressive Tone on Samoan Question.

## DEMANDS STRONG POLICY.

German Interests Must Be Adequately Protected—Neither America nor Great Britain Said to Be Willing to Show Good Will in the Matter.

Berlin, March 25.—The newspapers here aggressively discuss the Samoan question and a portion of the press maintains that Germany must adequately protect German interests there. The semi-official Post, referring to Germany's proposal to recall all the triplicate representatives in Samoa, says:

"This is the wisest thing all round, as then new arrangements would be much easier for all concerned and it does not involve the humiliation of anybody." The Lokal Anzeiger, Boersens Courier and Cologne Gazette express amazement that neither America nor Great Britain is willing to show good will toward Germany in the matter. The Boersens Courier says:

"It seems just possible that the leading circles in the United States are not wholly removed from the semisavage standpoint. In that case it becomes necessary to use plainer and more vigorous language upon Germany's part."

The Lokal Anzeiger remarks: "The actions of the British government in the Samoan matter are singularly at variance with recent and often-repeated assurances of friendship. The removal of Mr. Maxse (the British consul at Apia), whose intrigues have occasioned the whole turmoil, is especially necessary before peace can be re-established in Samoa."

It is learned from an authoritative source that Germany does not intend to remove Mr. Rose, the German consul at Apia, unless Great Britain and the United States remove their consuls.

## Chicago Live Stock Markets.

Chicago, March 24.—Quite moderate receipts of cattle and sheep proved ample to the slim Friday demand, and trade in each branch was quiet at the weak closing prices noted yesterday. Hogs went at 5c decline, the run coming fully 5,000 head larger than expected. Today's receipts were 2,000 cattle, 27,000 hogs and 8,000 sheep. Values for fat cattle showed a big 15c decline for the week and hogs a loss of 5@10c, while sheep still retain 10@20c gain on prices quoted one week ago, and are selling 15@40c higher than one year ago.

## Prairie Fire in Nebraska.

Maywood, Neb., March 25.—A bad prairie fire is raging in this locality, the tall grass, which is now dry, giving it a full sweep. Many stacks of unthreshed grain and hundreds of tons of hay have been burned near here. Small farmers, it is feared, may be burned out. This town, which is poorly protected, was only saved by everyone turning out and beating back the flames.

## WEEKLY REVIEW OF TRADE.

In No Branch of Business Has Production Diminished.

## MUCH STRENGTH DISPLAYED.

Stormy Weather Has Had a Slightly Bad Effect in Some Sections—Business Not Frightened by the Formation of Trusts—Failures Here and in Canada.

New York, March 25.—R. G. Dun & Co.'s weekly review of trade says: "Business is not frightened either by the great capitalization of new companies or by the wild fluctuations in Wall street. No matter how much the stock operations in New York may count, business elsewhere is large enough to warrant a wonderful expansion of industries, and that is the thing most important to observe. In no considerable branch has production diminished, but in practically all it has been increasing during the last week. Wool is at the doubting point, with large sales ordered from the interior by tired holders, and some concessions made to secure transactions at Philadelphia and Boston, though quotations show only moderate decline, and sales at the three chief markets are almost as large as in 1892."

"Failures for the week have been 200 in the United States, against 251 last year; and 24 in Canada, against 21 last year."

Bradstreet's says: "Stormy weather, retarding spring distribution in some sections, has imparted an irregular appearance to general trade, while some few reductions in prices of leading staples, notably raw cotton and wool, copper and some few other metals, serve to break the otherwise almost unvarying appearance of strength of staple values. The general commercial situation, however, continues to present much apparent strength. The boot and shoe situation with jobbers is quite encouraging; hides, though dull, are firm, and the same is true of leather. Cotton goods retain all their old strength, while the talk of combination in the manufacturing branch of trade has seriously unsettled the price of raw wool, which is weak and lower. Sugar reflects steady buying in practically unchanged quotations. Lumber is feeling the stimulus of the approach of active building operations."

"Wheat (including flour) shipments for the week aggregate 3,746,761 bushels, against 4,114,046 bushels last week. Corn exports for the week aggregate 3,699,629 bushels, against 4,311,326 bushels last week."

"My patients are learning that 'Orangeine' taken promptly, will head off many ills," says a prominent physician.

Millions Starving in China.

Washington, March 25.—Citizens of the United States residing in Chefoo, China, have made an earnest appeal through Consul Fowler, at Chefoo, to the charitable in America and elsewhere on behalf of the sufferers from the appalling Yellow River floods of this year. The most conservative estimates place the number of starving at 2,000,000, and time and the increasing cold weather will undoubtedly greatly augment the distress.

"Grip" has no terrors for those who know "Orangeine." Relieves and cures.

Germany to Enforce Demands.

Tangier, March 25.—The German cruiser Bussard has arrived here to support the German schoolships Charlotte and Stosch in enforcing the demands made by the German government for the payment of an indemnity to the German victims of the Moroccan outrages, the sultan still delaying to act up to the agreements arrived at in the matter. If the claims are not speedily settled complications are threatened.

The noble army of self-supporting women find "Orangeine" a great help in their hours of suffering. Safely stops pain.

"Blessed Hour of Our Dinners."

Said the poet, and the meal is really enjoyable when eaten at the dining rooms of The Mrs. Clark Co., 151-153 Wabash avenue, Chicago, or at the restaurant on the 7th floor of the Association building in La Salle street, which is also run by this company. The cuisine and service are unexcelled.
